Hybrid Learning Model	Our hybrid program blends in-class learning with guided learning at home to create a well-rounded educational experience.
Independent Learning & Enrichment Days	Primary instruction takes place on Mondays and Wednesdays. Thursdays and Fridays focus on independent work support, along with in-house field trips and other enrichment activities designed to extend student learning in engaging ways.
Academic Enrichment	Students participate in core academic classes along with music and physical education, helping them develop strong minds, creativity, and healthy habits.
In-House Field Trips	The program includes special in-house field trips, bringing exciting, hands-on learning experiences directly to our students throughout the semester.
Semester Performances	Each semester, students showcase their growth and creativity through musical performances, celebrating their learning with families and the school community.
Family & Teacher Communication	Teachers and families stay connected through Google Classroom, the main hub for communication, assignments, resources, and program updates.
